Presumably Labor does not  
care to have different  
people attending these 25X1A9  
meetings, and [REDACTED]  
says [REDACTED] prefers a  
single clearance rather  
than numerous ad hoc  
processes.

25X1A9a

I think you & I ought  
to talk with [REDACTED]  
re this on his way back call.

In the meantime I'll  
check [REDACTED] (Econ) who  
apparently expressed a  
great interest when  
talked with him.

[REDACTED]  
[REDACTED] has that interested,  
perhaps he should find the  
time to attend the series.

It may be one-man-or-  
none, in which case Mr.  
B will want to know, won't  
he?

Let me know whether I  
shall call you in.

J.P.

You best you handle the  
whole thing including  
discussions with Capt D &  
Capt B. —
